WELCOME WORDS TO WOMEN.

## NOT A PATENT MEDICINE

Favorite Prescription of Dr. Pierce FOR THE

#### DISEASES OF WOMEN ONLY.

HOR forty years Dr. Pierce's Favorite Prescription has been more ills. Dr. Pierce tells you just what is contained in this marvelous remedy for the diseases peculiar to women. There is not a particle of alcohol or injurious drug in this prescription. Pure, triple-refined glycerine is used for a solvent and preservative instead of alcohol. Ask day's duties to be got through, and the your physician if any one of the following ingredients which are contained in this prescription are injurious. We guarantee that no harmful results can follow the use of this cure for those distressing and painful complaints from which women suffer at one time or another. The ingredients are: Golden Seal root, Lady's Slipper root, Black Cohosh root, Unicorn root, Blue Cohosh root, chemically pure Glycerine.

The active medicinal principles of the several ingredients, or native

American roots employed, are extracted by the use of glycerine of proper strength and with the aid of special apparatus and appliances devised and built especially for carrying on the delicate and exact strain, doubtless, but it would be the same story over again to-morrow. The processes employed. These processes cost Dr. Pierce and his assistant real need of weak, nervous women is chemists and pharmacists much study and a long series of tedious extended by Dr. Pierce's Favorite periments, extending over a period of several years, and finally resulted in an almost perfect pharmaceutical compound—now known strong and sick women well. It removes the causes of women's weakas Dr. Pierce's Favorite Prescription.

There are good and substantial reasons why intelligent people and physicians as well, employ Dr. Pierce's Favorite Prescription for the cure of diseases and weakness peculiar to women.

nerves, encourages the appetite and induces restful sleep. "Favorite Prescription" is a positive cure for the most complicated and obstinate cases cure of diseases and weakness peculiar to women.

In the first place, it is not a cure-all, serving only a singleness of ful menstru tion, unnatural supprespurpose, being a specific for one class of diseases only—those peculiar sions and regularities, prolapsus or falling of the vomb, weak back, "female medicine put up for sale through druggists for the cure of such maladies, all the ingredients of which have the endorsement of leading medical practitioners and writers, as being the very best known remedies tenderness of the ovaries, accompanied for the ailments for which "Favorite Prescription" is advised.

With other medicines the afflicted have only their makers' word for their efficacy. With Dr. Pierce's medicines they have the disinter-ested endorsement of scores of eminent medical practitioners and medica, of 413½ Michigan Avenue, Lansing, ested endorsement of scores of eminent medical practitioners and medical writers of wide renown. These numerous unqualified endorsements, from men whose writings are regarded as authorities in each of the several schools of medicine, are the more valuable because they were written without any knowledge on the part of the several writers that they were extolling the curative virtues of ingredients that go to what to do I knew not, as no mediatory were extended in the curative virtues of ingredients that go to what to do I knew not, as no mediatory were extended in the curative virtues of ingredients that go to what to do I knew not, as no mediatory were extended in the curative virtues of ingredients that go to what to do I knew not, as no mediatory were extended in the curative virtues of ingredients that go to what to do I knew not, as no mediatory were extended in the curative virtues of ingredients that go to what to do I knew not, as no mediatory were extended in the curative virtues of ingredients that go to what to do I knew not, as no mediatory were extended in the curative virtues of ingredients that go to what to do I knew not, as no mediatory were extended in the curative virtues of ingredients that go to what to do I knew not, as no mediatory were extended in the curative virtues of ingredients that go to what to do I knew not, as no mediatory were extended in the curative virtues of ingredients that go to what to do I knew not, as no mediatory were extended in the curative virtues of ingredients that go to what the curative virtues of ingredients that go to what the curative virtues of ingredients that go to what the curative virtues of ingredients that go to what the curative virtues of ingredients that go to what the curative virtues of ingredients that go to what the curative virtues of ingredients that go to what the curative virtues of ingredients that go to what the curative virtues of ingredients that go to what the curative virtues of ingredients that go to what the curative virtues of ingredients that go to what the curative virtues of ingredients that go to what the curative virtues of ingredients that go to what the curative virtues of ingredients that go to what the curative virtues of the curative virtues of the curative virtues of the curative virtu make up Dr. Pierce's world-famed medicines. ## Tax Case Decided.

COUNTY SEAT FIGHT

Twin Falls Canal Tax Case Decided Against the Water

Special to The Tribune. TWIN FALLS, Ida., May 9.-The move ment for a division of Cassia county is a topic of general interest here just now The proposition is to divide the county on a line running south from the vicinity of Milner and to make Twin Falls the county seat of the new county. The question of division is complicated by the threatened contest between Albion and Burley for the county seat of the present county of Cassia, or what will remain of the county in case a new county is threatened contest between Abbion and Burley for the county seat of the present county of Cassia, or what will remain of the county in case a new county is created, as any division which is at all likely to be made will leave Abbion and Burley in the same county. Twin Falls wants the county divided, but is not concerned in the other fight, and as a step in that direction. F. E. Chamberlain, M. J. Sweeley, W. P. Guthrie, S. T. Hamilton, F. D. Kimball, C. D. Thomas, E. H. Rettig, J. L. Hansen, H. T. West and J. McMillian have been appointed a committee to devise ways and means for securing the division. The committee will visit every precinct in the county, ascertain public sentiment in each locality and report the result of its investigations to a public meeting to be called in Twin Falls when the committee has concluded its when the committee has concluded its work. At this meeting the most feasible and effective plan of campaign will be selected and steps will be taken to carry it out. The primary object is to secure county division with Twin Falls as the county seat of the new county, and the best means to bring this about will be adopted.

To Addiust Farm Lines

To Adjust Farm Lines.

if she feels like it. She can order her household affairs just to suit her own

R forty years Dr. Pierce's Favorite Prescription has been more generally sold than any other medicine prescribed for woman's prescribed to the toiling slaves, "Don't hurry, take a rest every now and then—only don't the average man.

Just suppose the Egyptian task-masters, when they made the required daily tale of bricks tax the uttermost of human strength, had said to the toiling slaves, "Don't hurry, take a rest every now and then—only don't forget that your tale of bricks must be all right at might or else there'll be

> There's the fact. There are the women who can rest may not. The woman, who, when she married, said, "Now, I'll be my own mistress," finds herself a slave to household cares and

And oh! how much that woman needs rest sometimes. She brushes and scrubs, and rolls pastry, her temples throbbing, her back aching, her nerves bed in a darkened room and rest.

Rest would temporarily relieve the ness, tranquilizes and invigorates the gestion, inflammasion and ulceration of the womb, inflammation, pain and

with "internal heat."
"I am pleased to add my testimony in behalf of Dr. Pierce's Favorite Pre-Mich. "I cannot find language to express my gratitude and joy over the fact that I am well once more. Wearing my corsets too tight seemed to have

"I had heard of Dr. Pierce's Favorite it, as a last resort. Before the first bottle was used I began to feel better, Now I have no more pains, am well

From the view point of the average man housework is very easy. The wife is right at home. She is her own mistress. She can sit down and rest any question, by skilled chemists and by She can sit down and rest any She can even go to bed for a nap thoroughly scientific processes. Doctor Pierce is perfectly willing to let every one know that his "FAVORITE PREto doing work to-day, she can do it to-morrow. That's the beautiful theory of the average man. scription is beneficial in the diseases of women and when properly com-pounded is certain to effect a cure in nearly all cases when given a fair trial. Every bottle of the "FAVORITE PRE-SCRIPTION" which leaves Dr. Pierce's immense laboratories in Buffalo, N. Y., has plainly printed upon its wrapper all the ingredients of which it is com-posed. Thus Dr. Pierce proves to the world his own confidence in the remedy which for forty years has borne his name and which is known all through the United States and Canada, England, Australia, and in parts of South America, Africa and Asia, as a sovereign cure for those diseases which, unchecked, make our women old before their time.

It will be noticed that there is no alcohol in the "FAVORITE PRESCRIPTION." Dr. Pierce never believed in using alcohol in the preparation of his famous household remedies. For it, he substitutes chemically pure glycerine, which has wonderful properties for ex-tracting the medicinal principles of roots and preserving them at their full strength, without any deleterious effect whatever.

In favor of Dr. Pierce's medicines is the frank, confiding, open, honest statement of their full composition, giving every ingredient in plain En glish, without fear of successful criti-cism and with confidence that the good sense of the afflicted will lead them to appreciate this honorable manner of confiding to them what they are taking into their stomachs when mak-

ing use of these medicines. Dr. Pierce feels that he can afford to take the afflicted into his full confi-dence and lay all the ingredients of his medicines freely before them because these ingredients are such as are endorsed and most strongly praised by scores of the most eminent medical writers of all the several schools of practice as cures for the diseases for which these medicines are recommended.

Your druggists sells the "FAVORITE PRESCRIPTION" and also that famous alterative, blood purifier and stomach tonic, the "GOLDEN MEDICAL DISCOV-ERY." Write to Dr. Pierce about your He is an experienced physician and with treat your case as commentar and without charge for correspondence. but a booklet of authorities of the several schools of medicines will be sent you free

on request.

Prof. Ellingwood, M. D., of Bennett College, Chicago, says of Golden Seal:
"In its therapeutic (remedial) influence its widest range of action is upon the stomach, in functional disorders of that organ, where the entire apparatus, including the liver is stagmant and inoperative. It is a most superfor remedy in catarrhal gastritis (inflammation of the stomach), chronic constipation, general debility, in convalescence from protracted fevers, in prostrating night-sweats. It is an important remedy in disorders peculiar to women. In all catarrhal conditions, especially if there be muscular relaxation and general enfeeblement, it is useful."

Edwin M. Hale, M. D., Professor of

Edwin M. Hale, M. D., Professor of Materia Medica, at Hahnemann Medica College, Chicago, states in regard to Golden Seal (Hydrastis); "In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. universally regarded as the tonic useful

From the foregoing extracts it will be seen that Golden Seal root is a very efficent curative agent in most of the weaknesses and ailments affecting the organs peculiarly feminine.

Prof. John M. Scudder says of Lady' Slipper root (Cypripedium Pubescens):
This root is valuable in all cases of nerv
ous excitability or irritability unconnected
with organic lesions, allaying the irritabil with organic lesions, allaying the irritability, lessening any accompanying pain, producing a calm and cheerful condition of the body and mind, and consequently favoring mental tranquillity, or sleep. Hence it has been of service in hysteria, chorea, nervous headaches, wakefulness and prostration in low fevers, and, indeed, in all cases of morbid irritability of the nervous system, from functional derangement or reflex irritation. It will be found ment or reflex irritation. It will be found very efficient in the nervousness hyp-ochondria, or mental depression accom-panying certain forms of derangement of the digestive organs, which is more gen-erally met with among females."

Prof. John King, in the American Dis-pensatory says of Black Cohesh root (Cimiclinga Racemosa): "This is a very active, powerful and useful remedy, and appears to fulfill a great number of indiappears to fulfill a great number of indications. It possesses an undoubted influence over the nervous system. In small
doses the appetite and digestion are
improved. Plays a very important part
in the therapeutics of Gynæcology (diseases of women). In the painful conditions, its remedial action is fully displayed. By its special affinity for the
female organs, it is an efficient agent and
it is surpassed by no other drug, being of
greatest utility in irritative and congestive conditions of the appendages, characterized by tensive, dragging pains,
resembling the pains of rheumatism. It
is a good remedy for the reflex' sideache."

Dr. John Fyfe, of Saugatuck, Conn.

Dr. John Fyfe, of Saugatuck, Conn., Editor Department of Therapeutics in The Eclectic Review says of Unicorn root (Helonias Dioica) one of the chief ingredi-ents of Dr. Pierco's Favorite Prescription:

"A remedy which invariably acts as a terine invigorator and always favors a condition which makes for normal activity of the entire reproductive system, cannot fail to be of great usefulness and of the utmost importance to the general practitioner of medicine.

"In Unicorn root we have a medicament

## the nave room to puelish here only a few extracts from standard authorities. Weak Women Made Strong, but a booklet of authorities of the several Sick Women Made Well

# CASSIA COUNTY

ENTERS THE QUESTION

Company.

To Adjust Farm Lines.

The committee on survey adjustment, consisting of C. B. Taylor, Don C. Bryan, C. W. Levisee, E. H. Kellogg and C. E. McLean, has about come to the conclusion that the only way out of the tangle due to conflicting surveys is to follow the Government survey throughout. This committee was appointed at a meeting of farmers held some time ago.

Plans are under consideration for the erection of a two-story brick building on Shoshone avenue for the use of the Y. M. C. A. and the Twin Falls Commercial club. If arrangements now contemplated are carried out, the Y. M. C. A. will use the ground floor for an assembly and reading-room and the basement for a gymnasium and baths. The Commercial club will occupy the upper story. If it is found possible to construct a building of sufficient size, the space not taken by the two organizations named will be used for a public library. All that is necessary is to secure the co-operation of the Y. M. C. A., the Commercial club and the Owl club, the latter having the public library plans in hand. The townsite com-

sion from Boise to Twin Falls Tuesday, April 15. They will spend all of Wednes-day here, visiting Shoshone falls. Twin falls, Blue lakes, the Milner dam and other points of interest

Tax Case Decided.

Judge Lyttleton Price of the District court has decided that the Twin Falls Land and Water company must pay taxes upon its canal system so long as the system remains in the company to restrain John L. Smith, Assessor of Cassia county, from selling the main canal of the company to satisfy a claim of \$10,000 for taxes for 1925. The canal was assessed and when the company falled to sell it at the sale of other property upon which payment of taxes was delinquent. sell it at the sale of other property upon which payment of taxes was delinquent. It was contended by the company that the canal was not its property in a sense that would make it subject to taxation. It held it was being built under a contract with the State to accomplish the reclamation of certain lands and that it was under State control and devoted in a sense to a public use. Further it was intended the canal would eventually go to the settlers; in fact, it was being built for them under authority and control of the State.

for them under authority and control of the State.

Judge Price takes the view insisted upon by the county, that the canal in its present state is property of the company that is subject to taxation. The company holds and controls it, and, in finally dis-posing of it to the settlers, aims at deriving a profit from it.

Part of the pipe for the Buhi water-works has arrived.

Church People Busy Building.

The Methodist church has purchased the old school building and lot, which will be fixed up a little and used for church purposes for the present at least. The lots recently purchased opposite the old Pearl market, were sold, as they were included in the fire limits, and the church did not feel able to srect a fireproof structure.

did not feel able to erect a fireproof structure.

Superintendent McPherson has secured the services of E. H. Rettig of Filer, W. S. Starr of Kimberly and J. P. Sweeney of Buhl as assistant farm instructors. Mr. Starr, who is president of the Farmers' federation, will have charge of the territory east of Rock creek. Mr. Rettig will look after the district between Bock creek and Cedar draw, and Mr. Sweeney will work east of Cedar draw. The instructors will aid those farmers in need of instruction in preparing their land, laying out their ditches, distributing water, etc.

County Officers' Salaries.

The salaries of officers of Cassia county have been fixed as follows: Auditor and Recorder, Clerk of Court. \$1300: Assessor and Collector. \$1700: Sheriff. \$1100: Probate Judge \$750. Treasurer, \$700. School Super-intendent. \$700; Coroner, \$60. County Sur-

Intendent. \$700; Coroner, \$60. County Surveyor, \$200.

The water in the Snake river at Shoshone falls in higher now than it was at any time last year, and it will continue to rise until about the 20th of June. On account of the heavy snowfall about the headwaters the river will probably go higher than for several years.

Four teams and twenty-five men are engaged in putting in the telephone line to Buhl. They expect to reach Filer with the line in about a week.

The State Bank of Buhl has been authorized to do business by State Bank Examiner Loveland. Its capital stock is \$25.00. Its officers and directors are. E. A. Milner of Buhl, president: I. B. Perrine, Twin Falls, cashier, and A. H. Milnef of Sait Lake.

proved Brick-Making Machinery.

Special to The Tribune. SALMON, Ida., May 9.-The Red SALMON, Ida., May 9.—The Red Jacket mine at Yellow Jacket has steadily employed a force of four men all winter, and the summer will see the effects of callarged pians of operation. The outlook of the company is bright. P. M. Drake of the Red Jacket company is moving his family to Salmon. His father, W. A. Drake, has arrived from Montana, and will cast his destiny with the Red Jacket mine. He is an experienced mining man.

Better Cattle Prices.

Better Cattle Prices.

The local cattle market has been doing things in the skyrocket line lately. Stock cattle which were slow sale two months ago at \$14 and \$15 per head now readily bring \$20 and more. All this means good times for Lemhi county.

Thomas Pyeatt of Lemhi Agency has sold \$400 cattle to Mr. Brenner of Horse Prairle.

John Pugh of Lemhi Agency has sold his Hayden creek ranch to Arthur Withington of Baker, who will make his residence there in future.

Mr. and Mrs. M. M. McPherson have returned from Pacific Grove, Cat., where they spent the winter.

New Brick Machine.

New Brick Machine. F M Pollard has ordered an Eagle brickmaking machine, which is guaran-teed to turn out 35,000 machine bricks in ten hours. It will be here in time allow of its use in making the million so of brick which promise to go into belidings at Salmon this year.

Rev. F. B. Bonner of this city has been chosen to represent this synod in the general assembly of the Presbyterian church, which will meet soon in Des Moines, Ia.

KILLED BY MISTAKE

Chicago Striker Mistaken for Robber and Shot.

CHICAGO, May 2-At the close of the first week of the structural fron workers' trike. Thomas Darragh, a member of he union, was shot and killed late last the union, was shot and killed late last night as a robber.

Darragh, it is said, stole a watch from Clifford N. Spencer, an electrician. The men had spent the evening at a saloon patronized by iron workers, and left the places together. The robbery occurred at Madison street and Fifth avenue. A gold watch and \$40 in money were taken by the thief, who then ran south in Fifth avenue. Spencer followed, calling on him to halt.

At Adams street the thief stanged and

Fifth avenue. Spencer followed, calling on him to halt:

At Adams street the thief stopped and struck Spencer on the head with a club. The victum fell unconscious, but his cries had been heard by James McGoldrick and E. L. Cudebnek, watchman. They saw the thief beating Spencer, and also saw him throw a watch into the street. Both followed the robber, and when he refused to do y their demands to stop McGoldrick fired.

The bullet penetrated the neck of the footpad and he died seen afterward at the Chicago emergency hospital. Spencer and McGoldrick were arrested.

13TH-MAY 13

An Unlucky Number,

But a good day for that excursion to Ogden via the Short Line. Only \$1.00 for the round trip,

### FRIENDLESS OUTCASTS MINING REVIVAL GIVEN EMPLOYMENT

Joan of Arc Temple No. 19 In- Demand for Brick Calls for Im- Chicago Bureau Is Doing Good The Rich Mineral Region Work for Aged Unfortunates.

> CHICAGO, May 9 .- The employment bureau for the aged and the crippled opened yesterday and a hundred grayhaired men and women, enfeebled by physical infirmities, made their way slowly to the offices of the Bureau of Charities in the Unity building and gave their names to the bureau officials

appointed to receive them. Outcasts and Friendless.

Most of the applicants confessed that they were outcasts—that none would give them work, and that everywhere they had gone they had been told that their days of usefulness and service were ended, that the working world held no place for them.

During the day employment at good wages was found for twenty of the lame and the aged. The others went away happy with the assurance that everything possible would be done to find work for them, and some said it had work for them, and some said it was the first gleam of sunlight that had come into their lives since they crossed over from "manhood" into "old age." Men of 45 confessed that employers had told them that they were too old to be of service; the women ap-plicants for work put the age limit at

Places for Cripples.

One man with heart failure was given employment as an attendant in a phy-sician's office and three one-legged men were given jobs as watchmen. A fee-ble minded lad discovered that he could fold paper in a box factory and was employed at that occupation.

employed at that occupation.

One of the men whose right leg was missing was employed at work in a factory in which the hands alone are used and one of the men whose left leg was missing was intrusted with the work of operating a small which is run with one pedal.

STRIKE IS ORDERED

Building Trades of New York Make One Thousand Idle.

NEW YORK, May 9 - The Associated NEW YORK, May 4.—The Associated Building Trades, comp. sed of the build-ing trade unions and podeled some-thing after the old boar of walking delegates, ordered a number of strikes yesterday on buildings again, the em-ployment of members of the property yesterday on buildings again. the employment of members of the n. v union formed in place of unions which have violated the arbitration agreemen. Only independent contractors here affected by these strikes, so that they are not in violation of the arbitration agreement.

About 1000 men quit work, including electrical workers, houseanoths, plasterers and plasterers' laborers, stonecutters and house shorers.
